

Online Assignment Example

Name Mr. Nordick

Date 9-4-09

1) It costs \$0.28 to mail a postcard. It costs \$0.44 to mail a regular envelope. Jacob wrote to 33 people and it cost him \$10.04. How many letters did Jacob send? How many postcards did he send?

P	L	\$
33	0	\$9.24 X
30	3	\$9.72 X
29	4	\$9.88
28	5	\$10.04 ✓

P = post cards (.28)

L = letters (.44)

Jacob sent 28 postcards
and 5 Letters.

$$28 \times .28 + 5 \times .44 = \$10.04$$

2) Solve this Kakuro puzzle. Directions can be found here.
